HSI SHOWS SUPPORT FOR MILITARY APPRECIATION MONTH WITH APPLE IPOD TOUCH AND TOUCH A WOUNDED WARRIOR PROGRAM

Scottsdale, AZ—May 11, 2009—[Hospitality Solutions International](http://www.hospitalitysolutions.com) (HSI), a division of [MICROS Systems, Inc.](http://www.microssystems.com), and a leading provider of information technology solutions for the hospitality industry proudly introduces the Touch a Wounded Warrior program.

May is military appreciation month. As a Nation, we come together in May to honor, remember, recognize, and appreciate the men and women who are active or have served in our Armed Forces. Sadly, many of these men and women are wounded in their quest to protect our freedom.

In appreciation of those who sacrifice so much, HSI has teamed up with the US Marine Corp. to honor and recognize the men and women wounded in battle. During the month of May, HSI is sponsoring the Touch a Wounded Warrior program enabling our clients and appreciative individuals to donate an Apple iPod ® to the USMC Wounded Warriors and Sailors in support of the Marine Corps. We encourage everyone to Touch a Wounded Warrior with your donation of an iPod ® to recognize and honor those who endure the commitment to fight for the freedoms we all enjoy.

At only \$260 per unit, each iPod is engraved with your name or Company as the sponsor. Each donated iPod includes all shipping and taxes as well as a \$15 iTunes Gift Card.

Touch a Wounded Warrior offers three ways to participate:

1. Purchase an Apple iPod ® directly from HSI to be donated in your or your company's name. Visit www.HSI-Solutions.com for complete details.
2. For every 5 iPods purchased for use with the Profit Series point of sale system, one additional iPod will be donated by HSI on your behalf through May 31, 2009.

3. Visit the HSI booth #4200 at the NRA Show in Chicago, May 16-19. You can pledge your donation in the booth on the show floor.

“HSI supports our customers by pioneering the latest technologies such as the Apple iPod ®,” stated Cyndi Shepley, General Manager and Vice President, HSI, “We are now leading the industry with Profit Series Mobile POS. I encourage everyone to join us and touch the life of a wounded warrior. It’s just the right thing to do and we are proud to show support for our troops through this innovative program.”

The HSI [Profit Series Point-of-Sale](#) system is an easy-to-use, windows-based solution designed to fit into nearly any hospitality environment. With over 800 individual configuration options, the Profit Series POS can be tailored to meet the needs of any hospitality operation. From a single POS terminal to a complex enterprise with multiple locations, the simplicity of design is backed by extraordinary functionality and intuitive graphics making the use and operation of the Profit Series POS one of the easiest in the industry.
